Spectra Geospatial Distributor Confidential

Spectra Geospatial FOCUS Data Collector Available August 24th

Spectra Geospatial® is pleased to announce the new FOCUS® Data Collector. The FOCUS Data Collector is an onboard controller for the FOCUS 50 total station. The FOCUS Data Collector can also be used with the Robotic Holder for optical surveys, or GNSS surveys.

The FOCUS Data Collector features an Android™ operating system and supports the latest version of Spectra Geospatial Origin field software. Combined with the 5" bright display, the FOCUS Data Collector provides intuitive, easy-to-use, map-centric streamlined workflows.

Transferring data to and from the FOCUS Data Collector is simple, choose from three different methods: the USB port, Connect cloud, or the office docking station.

The FOCUS Data Collector comes with a 2 year standard hardware warranty.

FOCUS Data Collector Availability

The FOCUS Data Collector will be in stock and available for purchase from August 24th, 2022.
